Refurbishment Program

BEFORE

BEFORE

Are your existing portable air conditioning or heating units old, corroded, or non-functioning?
Let United CoolAir bring them back to life with our refurbishment program!

United CoolAir will evaluate your unit(s) at our facility. We will provide you with a detailed parts quotation including any upgrades available. You pick the options and we will take care of replacing parts and/or updating the units to operating condition and make them look brand new!

To learn more call or email for details today!

Greg Peery directly at (717) 858-1992; gpeery@unitedcoolair.com or
Mary Fiene at (717) 843-4311; mfiene@unitedcoolair.com
and they will go over all of the details of the refurbishment program with you.
